ASSEMBLY INSTRUCTIONS FOR ZIEGLER & BROWN PORTABLE BARBEQUE STAND

PLEASE NOTE STEPS 1-8 are shown without the factory fitted gas hose and regulator for clarity.
DO NOT DISCONNECT GAS HOSE OR REGULATOR.

Read the barbeque instruction manual before positioning or using your barbeque. **FIRSTLY**, check that you have all the parts as shown overleaf.

1. Make sure the grease cup is screwed clockwise fully into bottom of the barbeque.

2. Pulling the 2 locking knobs away from the sides of the barbeque and setting the knobs in the UNLOCKED  position will enable you to fully roll back the hood.

3. Remove the cooking grill then lock both sides of the barbeque adjusting both knobs to the LOCKED  position.

4. On a clean soft surface turn the barbeque upside down. This will make assembly easy.

5. Remove the 4 rubber feet and store in the top flap of the carry bag.

6. Fit the 4 stand legs to their matching positions as marked on the bbq legs.

7. Engage the captive locking screws and tighten with the Allen key provided.

8. Fit the 2 bottom braces, engage the locking screws and tighten with the Allen key.

9. Stand the bbq upright, UNLOCK  the knobs, then fit the cooking grill.

10. The strap provided must be connected to the gas supply and the barbeque legs to prevent the gas hose from being over-stretched.
